CHAS. N. MACHAM, Editor.

FRIDAY, MAY 17, 1889.

Sam Small is dangerously ill at his home in Atlanta.

Vasco D. Brown has retired from the editorial management of the Adairville Times.

John Carter, an 18-year-old boy, has been sentenced to be hanged at Mayfield for murder.

Mrs. Mary E. Dickinson, mother of Anna Dickinson, the lecturer, died at Pittston, Pa., this week, aged 90 years.

Edward U. Fordyce was appointed postmaster at Bowling Green, Tuesday, vice Elvin H. Porter, commission expired.

The Nashville American is authority for the statement that a force of hands is now at work on the O. V. this side of Princeton.

W. H. Chatfield, of the well known paper house of Chatfield & Woods, Cincinnati, died suddenly while on a visit to New York Monday.

A sensation was created at Frankfort this week by a telegram from a San Francisco Sheriff asking for an accurate description of Jas. W. Tate.

Papers have been filed in 16 contested cases in the 51st Congress, most of them being by Republicans who were defeated but hope to be counted in.

Washington Irving Bishop, the blind reader, died at New York, Monday, of hysterical cataplexy while trying to read the mind of Clay M. Green, the dramatist.

The present king of the turf gets his name from the flourishing city of Spokane Falls, in Washington Territory. The western pronunciation of the word is "Spoke-ann."

Blackburn is to have two opponents in the senatorial race, one of them a neighbor. McCrory is evidently a candidate, which is the best thing that could happen for McKee.

Maj. J. W. Wham, paymaster of the U. S. A., with his clerk and escort of seven soldiers, was ambushed while travelling overland in Arizona and robbed of \$29,000. Eight of the soldiers were wounded.

The Bowling Green Times and Henderson News are informed that Jim McKee is not a candidate for Governor, but is a candidate for Senator. This is authoritative and ought to settle it. Now proceed to solidify.

The new civil service commission have all taken the oath of office. They are Chas. Lyman, Rep. of Connecticut; Theodore Roosevelt, Rep. of New York; and Hugh S. Thompson, Dem. of South Carolina.

Both North and South Dakota elected delegates Tuesday to the constitutional conventions July 4th. Under an agreement in both territories, the Democrats were given one-third of the delegates and there were no contests.

Geo. W. Petty, captain of Company G, Kentucky State Guards, died at his home at Shelbyville Monday, of pneumonia caused from exposure during the continental trip. He was a Confederate soldier and leaves a widow and two daughters.

David L. Gitt, a chief in the Pension department and a Republican who had been in the office for twenty years at a salary of \$2,000 was recently dismissed without warning. It is leaked out that his dismissal was ordered by the President because Gitt was in the habit of winking Harrison's father-in-law, Dr. Scott, who was a clerk in his division, whenever the old gentleman went to sleep over his work.

Anath D. Hicks is now in Montreal, Canada, thoroughly repentant and wants to come back. As his shortage is much less than at first supposed, amounting to \$200 or \$300, the most sensible thing for the boy to do is to come home, profit by his experience and go to work and try to pay off his debts and retrieve his lost character. It is not likely that he has committed any crime for which he would be prosecuted.

The case of Mrs. Myra Clark Gaines against the city of New Orleans, begun in 1831, has for the tenth time been decided in the Supreme Court in favor of Mrs. Gaines' executors and judgment given for \$750,000 for the use of the property sold by the city and subsequently recovered by Mrs. Gaines. The plaintiff has long been dead but her grand-daughter and heir, Hattie Whitney, has still fought this branch of the case to its successful termination.

The great Practor Knott has suffered another defeat, this time an ignominious one. In the Clark race at Louisville Tuesday he maintained the lead for the first three quarters and on the home stretch let Spokane pass him and beat him to the wire by two lengths and a half. The stakes were \$3,570 and the recovery of reputation and the Montana horse beat him fairly and squarely and wrested from him the honor of being "King of the Turf." The race ended with Knott second, Once Again third and Come to Taw fourth. Time 2:32 1/2, distance 1 1/4 miles.

Life of Rev. Steve Holcomb.

Rev. J. W. Edmister, pastor of the Methodist church of this city, is agent for the life of Steve Holcomb, the noted reformed gambler, of Louisville, who recently held a meeting here. Gross Alexander at present a professor in Vanderbilt University, under whose ministry Mr. Holcomb was converted and received into the church, is the author of the work. It also contains brief biographies of the more noted gamblers and drinkers converted by Mr. Holcomb. The book is a large handsome volume, at \$2.50; all the profit from the sale of it goes to the Holcomb Mission of Louisville, which is a noble institution. Parties desiring to see the book, or subscribe, can call on Mr. Lewis.

MATRIMONIAL.

Mr. J. T. Shaw, a young business man of Detroit, and Miss Woodie Veauhe, were married at Owensboro Tuesday.

The 16-year-old grand-daughter of Judge Strong, of Breathitt, eloped with a negro named Milton Richmond and the judge and party pursued them. About to be overtaken the negro fired at the judge, sending a bullet through his hand. The fire was returned and the negro fell, instantly killed, pierced by 11 bullets.

After administering a good whipping to the girl she was taken home, where her father attempted to kill her, falling in which he shot himself in the scalp and has since had to be guarded to prevent him from committing suicide. The family is the best in the section and feels very deeply the disgrace the wayward girl has brought on them—Stanford Journal.

Fine Holsteins.

Mr. T. L. Graham, of Casey, had on exhibition at the sale some of his fine Holstein cattle. Among those who were most admired were his yearling bull and a two-year-old heifer, described below:

Netherland Lanark, II. F. II. B., No. 10,393, was calved Apr. 26, 1888, sire Netherland Couvroy, II. B. B., No. 2,934, the premium butter bull of the south, last Cascadencia, II. B. B., No. 7,269, record 21 lbs. 6 oz. butter in seven days. Netherland Lanark has a full sister with two-year-old record of 17 lbs. 12 oz. butter in seven days, so it will be seen from his breeding his standard as a butter bull is among the highest.

Clarissa Campbell, II. F. II. B., No. 7,513, calved Mar. 7, 1887, gave when her calf was three weeks old, 51 lbs. milk in one day, which was churned and made 1 lb. 14 oz. butter, running on grass with small feed of bran and oats, being 25 months and 27 days old when this test was made. Mr. N. H. Dudley, of Logan county, who is one of the best judges of dairy cattle we have, says she is one of the finest udders he ever saw.

\$100 REWARD.

The readers of the Kentuckian will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength, by building up the constitution and assisting nature in doing his work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Crop Items—Short Tobacco Crop—Sickness—Schools—Social Items.

PEE DEE, Ky., May 15, 1889.—The weather is fine and the crops are growing rapidly since the rain, especially corn. There is some complaint of rust in the wheat, but it is mostly on the blade and will do no serious damage unless it should reach the stalk.

There has been very little tobacco sold this season. But few had their land ready, and the bugs have made the plants very scarce. Don't suppose there will be more than one third of a crop planned.

Mrs. James Holld has been very sick since Sunday last. Hope to see her after her recovery soon.

CREAM OF NEWS.

Clarksville's Celebration.

Cumberland Lodge, K. of P., Clarksville, celebrated its fifteenth anniversary Tuesday and upon invitation 32 members of Evergreen Lodge went over to participate in the exercises. They were entertained during their stay at the Arlington Hotel. After dinner an excursion was taken to Dunbar's Cave and at 8 o'clock a meeting was held and the Knight's rank conferred. After the lodge adjourned a banquet followed, which was presided over by the ladies of Clarksville. Knight G. M. Hall made a speech of thanks on behalf of the visitors, which was responded to by Knight Joel B. Fort, of Springfield. Following the supper there was an elegant hall, which wound up the festivities. This was largely attended by the beauty and chivalry of our sister city and was a fitting finale to a successful affair throughout. The Clarksville Knights never do things by halves and in this instance they treated their guests with royal hospitality and furnished them with an entertainment that will not soon be forgotten.

Ladies wearing the latest novelties in Spring Millinery should by all means call on Mrs. Carrie Hart. The very last just in and lower prices than ever. Those new white hats "are just too lovely."

There will be a basket meeting at Concord church, near Julien, Sunday, the occasion being the re-union of old members. There will be services in the morning and afternoon and a large crowd is expected to be present.

The Universalists will begin a protracted meeting Sunday. After Monday night the pastor will be assisted by Rev. Mrs. Sophia Gibbs, of Decatur, Ill., who will preach every night during the week. On Sunday the 26th the church will be formally dedicated.

Mrs. Carrie Hart always keeps up with the seasons, and has just received her summer millinery, conspicuous among which are those beautiful white hats. Besides being beautiful and the latest in style, they are wonderfully cheap.

Dr. J. W. Crenshaw, of Cadiz, assisted by Dr. Rascoe, of Caladonia, successfully removed an eye of Robert Dillard, col., near Julien, one day last week. The eye was injured two years ago, inflammation setting up recently causing atrophy. He is doing well and will soon be out.

Mr. S. H. Turner is now taking contracts for the next telephone year. The rates are as heretofore, \$19 for business houses and \$31 for residences, with a slight increase if paid quarterly. Mr. Turner has made a success of the exchange and we hope to see him increase his list largely another year.

The Circuit court at Elkton, Ky., is playing havoc with the violators of the prohibition law in Todd county. Joe Linebaugh, of Guthrie, up to yesterday, had been fined \$2,675 and is now in jail. Many other precincts are yet to hear from the majorities ranging from \$400 up.—Clarksville Progress.

Rogers & Davis, the Ninth street liverymen, have just had completed for their use one of the coolest hacks ever used in this city. It is a beauty and cannot be excelled for comfort. They will at all times furnish experienced hackmen and the traveling public can now be supplied by them with first-class turnouts in every particular and at ordinary figures.

Children's Day will be duly observed at the Methodist church next Sunday at 10:30 a. m., with a programme of exercises in every way befitting the occasion. Speeches and recitations will be interspersed with music and cheering, songful melodies. "Verses," by request, has written a poem on "Smiles," to be read on that occasion. Everybody invited.

TOBACCO NEWS.

Solomon Temple, No. 27, the Good Samaritan Lodge, is a prosperous and flourishing order. They met Tuesday night, (its regular meeting night) and after initiating 8 candidates, elected the officers for the ensuing quarter. Delegates were also elected to the State Grand Lodge, which will meet at Covington June 5. Rev. Jas. L. Allensworth and James Thomas being chosen. Rev. Jas. L. Allensworth was elected at Bardonia last session as State Grand Orator, and will deliver an oration at Covington while the council is in session.

A horse owned by Jesse Evans, a reuter on Miss Lizzie Helt's farm, near Hill, Ky., ran into a barbed wire fence last week and was badly cut. We understand that Mrs. Evans and another lady saved the animal's life by prompt action. An artery in the horse's neck was severed, and they pressed the ends between their thumbs and staunch the flow of blood until a physician came and stitched the ends together.—Tobacco Leaf.

Jones & Banks, the progressive barbers on Seventh street, have recently added to their outfit other appropriate furniture and have had their floors nicely carpeted, which, lends additional charms to their popular shaving resort. They employ none but expert barbers and their patrons all go away pleased with their work. Remember their place of business, Seventh street, two doors east of the Bank of Hopkinsville.

Every lady and gentleman of this city who has a taste for letters, a love of valuable information, or a desire to hear one of the foremost orators of the age, will undergo trials and difficulties to attend the lecture of Rev. Dr. Robert A. Young, at the Methodist church, on the 23rd inst., in which he tells in the most fascinating and picturesque style, of the sights he saw and the wonders he heard, while abroad two years ago.

Mrs. John L. Brasher received a telegram yesterday stating that her brother Mr. Hico had been injured accidentally Wednesday and died the next day. Mr. Hico lived at Ricodale, Muhlenberg county.

Southern Baptist Convention.

The distinguished body of Baptists, representing the Southern States, has just held a crowded session at Memphis. Judge Jonathan A. Harrison, of Selma, Alabama, was elected President and proved himself a worthy successor of Dr. Mell and Boyce.

Dr. Burrows and Gregory were elected secretaries. The measures adopted by this body touching the Publication Society were significant.

The kind Word Series will continue to be published. The decision was reached through a committee and loudly applauded. A motion was withdrawn to invite messengers from the Northern Publication Society to meet with the Convention next year.

The encroachments of Romanism was ably discussed and severely denounced. The sermons of Broadus, Carter, Dixon and Ellis on Sunday were considered great, but it was generally considered that Dr. Parker, from England, exceeded all in pathos, point and power. He discussed the reign of grace with masterly logic and tenderness. The addresses on the various missions were exceedingly well prepared and delivered. Diaz, of Cuba, and Powell, of Mexico, thrilled their audiences. The next convention will be held in Fort Worth, Texas.

Rova, J. N. Prestridge, J. T. Barrow and Prof. J. W. Ruet were in attendance and returned home Tuesday.

Dawson Springs.

These noted springs, situated in Hopkins county, on the C. O. & S. W. Railroad, are opened both Winter and Summer, but during the Summer season visitors flock to this resort as rapidly as transportation will admit. The Arcadia Company owners have an elegant hotel, the largest in the place, on their ground and the rooms are now being rapidly filled with visitors, some to spend a week others to spend the season. To say more of the virtues, properties, &c., of the waters of these celebrated springs would only be repeating what has already been said by the many who have been benefited by their use. Invalids who go there wasted and worn after a short stay return home well and happy. The scenery around Dawson is grand to behold and one has only to look on at nature's works to be convinced that the surroundings exceed in beauty the pictures formed with the brush of the most experienced artists.
